SIR,

~~Subject :—~~

I have the honor to forward herewith a copy of my review on the progress reports of Drinking water wells in this District for the half year ending 30th June 1928.

I have the honor to be,
Sir,
Your most obedient servant,

for Deputy Commissioner,
Bangalore District.
absent from the Station

L.S.R

Review on the progress reports received from the Amildars relating to the Drinking water wells in the Bangalore District, for the half year ending 30th June 1928.

~~Only~~ the Amildars of Hoskote, Kankanhalli, Dodballapur, Anekal and Nelamangala Taluks ~~have~~ submitted the progress reports very late and the Amildars of Bangalore, Chennapatna, Magadi, Devanhalli and Closepet have not yet submitted the reports in spite of reminders. They will immediately submit the reports explaining the delay. The reports in future should be submitted on or before the 15th of the month following the half year.

In all, 43 wells were provided in the District, 20 wells for Uthamas and 23 wells for depressed classes. The estimated cost of these wells including the Government grant of Rs.7,000/- and the ryots' contribution amounted to Rs.13,296/-. As the Government grant of Rs.7,000/- made during the year 1927-28 was quite inadequate and the District Board did not contribute any amount, ~~longer~~ number of wells could not be provided .

The progress shown in the following Taluks during the half year is noted below:-

Out of 8 wells sanctioned in Dodballapur Taluk at an estimated cost of Rs.2313/- a sum of Rs.1792/- was spent. The wells in Chennap~~atna~~, Rajaghatta and Gundasandra villages were completed and the rest under progress.

The two wells sanctioned in Anekal Taluk were completed at a cost of Rs.1350/-.

In Hoskote Taluk one well sanctioned for villagers of Pethanahalli village was completed at a cost of Rs.890/-. In the Kankanhalli Taluk 439-5-0 was spent for sinking wells in Harohalli and Sorekayidoddi. The well at Harohalli was completed. The Amildar will see that Byalal and Sorekayidoddi wells are also completed early.

Out of 9 wells sanction in the Nelamangala Taluk one well was completed and the 6 wells under progress should be completed early. With regard to the wells sanctioned for adikarnatakas in Goraghatta and Kalalaghatta the Amildar will see

that earth work is done by them and the wells completed very early.

From the statements received, complete information on the progress shown could not be had. In future, progress reports should be submitted in the form noted below furnishing full particulars.
